Guide Description

AUTHOR NOTE: Just the mention of Sabrina's, Honey's Sit 'N Eat, or Morning Glory will make most Philadelphians start drooling as they imagine massive stuffed french toast (Sabrina's), perfectly cooked grits (Honey's), and famous frittatas (Morning Glory). Bring your coffee and be prepared for an hour-long wait for a table! If you want to avoid the wait you're likely to find at these three places, try Jones, for a delicious breakfast of comfort food, or Farmicia, which serves classic brunch fare made from fresh and local ingredients.

1 Sabrina's Cafe

OUR LOCAL EXPERT SAYS:

If you're coming for brunch, get your coffee first and be prepared to wait quite a while for a table! And don't order too much food, unless you have a huge appetite -- most portions could easily serve two!

DESCRIPTION: Sabrina's may look like a diner, but the food is way beyond traditional diner food. Their vegetarian "cheesesteaks" are famous, as are their brunches, where every portion could easily serve two. © NileGuide

2 Honey's Sit 'n' Eat

OUR LOCAL EXPERT SAYS:

Honey's is quintessentially Northern Liberties; if you want to see what the people and the architecture of the neighborhood are like, just come to this restaurant! Though you may have to wait a while for a table, you'll find some of the city's most delicious brunch and lunch food here.

DESCRIPTION: Honey's offers a unique blend of Southern Tex-Mex and traditional Jewish food (you can order your breakfast burrito with a potato latke on the side). The atmosphere is casual and inviting, with large windows and high ceilings making the room feel spacious and open. Honey's is known for its brunch and lunch.

3 Morning Glory

OUR LOCAL EXPERT SAYS:

Come early and be prepared to wait for a seat for weekend brunch; you'll be glad you did once you start eating mouth-watering buttermilk biscuits or the famous frittatas.

DESCRIPTION: Morning Glory may look like a typical neighborhood diner from the outside, but if you come by on a weekend morning, you'll know it's much more than that. Morning Glory is home to famous frittatas and decadent buttermilk biscuits. Its brunches draw people from all over the city who will gladly wait more than an hour for a coveted seat

OUR LOCAL EXPERT SAYS:

Stephen Starr's "comfort food" restaurant is a cross between one of his upscale themed restaurants and the Brady Bunch's living room. The mac and cheese, meatloaf, and grilled cheese and tomato soup options will take you back to your childhood kitchen.

1 Famous 4th Street Delicatessen

OUR LOCAL EXPERT SAYS:

Don't leave this place without having dessert (one serving will serve a few) and getting some cookies to go.

DESCRIPTION: This Famous 4th Street Delicatessen has lived up to its moniker by remaining a staple of Philadelphia local cuisine since 1923. This deli is primarily known for traditional Jewish cold cuts and sandwiches like corned beef, roast beef, roasted turkey and brisket. Fish is also available, from lox to gefilte to whitefish. Finish your meal off with an award-winning chocolate chip cookie. Sometimes they give you a cookie as a treat when you're paying your bill. Delivery available. The cookies are also available in the Reading Terminal Market, 13th and Arch streets. © wcities.com

2 Continental Restaurant and Martini Bar

DESCRIPTION: Restaurant entrepreneur Steven Starr has been offering tapas-style dining in this restaurant and martini bar for over five years. The trendy and hip Continental attracts patrons of a wide range of ages to its neo-diner atmosphere. In fact, it used to be a diner; now, giant martini-olive lamps hang over the booths, while Latin and lounge music plays softly. The restaurant's contemporary cuisine includes outstanding sushi-grade pan-seared tuna and miso glazed Chilean sea bass. Follow dinner with a martini, including such exotic variations as chocolate and the Hawaii 5-O. © wcities.com

Local Info

One thing you will never hear about Philadelphia is that it lacks character. Philadelphia is chock full of character: you'll find it while you're walking the cobblestone and brick streets of Old City; you'll find it in the thousands of murals that decorate Philadelphia's public walls; you'll find it in the classic Philly cheesesteak you eat for lunch and the adorable BYOB restaurant you patronize for dinner. Whether you run the steps of the Philadelphia Museum of Art and pose for a Rocky-style photo, watch the Phillies at Citizens Bank Park and partake in the rowdy behavior that makes Philadelphia sports fans notorious, or visit historic homes in Germantown, you'll leave with a sense that Philadelphia and its inhabitants really are unique.

Philadelphia's uniqueness was partially planned: William Penn, who founded Pennsylvania, established the colony as a haven for religious minorities who were being persecuted in England. He designed Philadelphia as a simple grid with four central squares or circles (parks, really). The numbered streets run north to south; east-west streets are named after trees.

That means getting around downtown is a cinch once you figure out the system. And what makes it even better is that "Center City" is completely walkable and almost unbearably charming, with its brick rowhouses (Philadelphians' name for what other cities usually call townhouses), tiny restaurants and boutiques, and, in Society Hill, cobblestone streets. Photographers and laymen alike will agree that the sight of dappled sunlight falling on a three-hundred-year old brick home, complete with shuttered windows and a hitching post in front, is awe inspiring. Add some snow and a horse-drawn carriage, which you can hire through 76 Carriage Company, and you'll feel like you might just stumble upon Benjamin Franklin.

One of the best ways to understand what makes Philadelphia tick is to visit the many distinct neighborhoods that comprise the city. Center City offers classic culture, innovative dining, and the beauty and functionality of Rittenhouse Square (described in Jane Jacobs' *The Death and Life of Great American Cities* as the prime example of successful urban planning). South Philadelphia, made

famous by the Rocky movies, serves as an example of how different immigrant groups throughout U.S. history shaped their new communities. Germantown, once a rural getaway for colonial Philadelphia's leading families, is the home of now-historic mansions and thousands of murals. Destinations in Old City and Society Hill, including Independence National Historical Park, the Constitution Center, and Elfreth's Alley, one of the only intact colonial streets in the country, will satisfy any history buff's curiosity about colonial life. If you want to picnic amongst scenic hills, Valley Forge National Historic Park and other beautiful suburbs are an easy ride away.

Another way in which Philadelphia sets itself apart from other cities is its cuisine – and by cuisine, we're not just talking about cheesesteaks and soft pretzels. In the 1970s Philadelphians witnessed a "Restaurant Renaissance," with such highly acclaimed restaurants as Le Bec-Fin and Friday Saturday Sunday first opening their doors. In the decades since then, Philadelphia bolstered its reputation as a restaurant city. Hosts of new restaurants open every year, each offering more daring and refined cuisine than the last – and, particularly in Stephen Starr's restaurants, some awe-inspiring décor as well. BYOBs, where patrons can bring their own liquor and save on the bill, are especially popular (and especially diminutive, often occupying just the first floor of a rowhouse), since getting a liquor license in Pennsylvania is notoriously difficult. On a weekend night in the spring or summer, crowds of people will wait hours for a coveted table at the newest BYOB.

As a visitor to Philadelphia, getting around the downtown area is quite easy, since Center City only stretches about a mile from east to west, between the Schuylkill (pronounced "Skoo-kill" by locals) and Delaware Rivers. Most of the main historic and cultural destinations are within walking distance of any downtown hotel. For those who would rather ride between destinations, the Phlash bus (a bus that travels between popular tourist destinations), Septa (the local bus and subway system) and cabs are all available. Septa's regional rail lines travel to neighborhoods further away from downtown, such as Germantown and any suburbs you might want to visit. For tips on

navigating Septa, ask at your hotel or at the Visitors' Bureau.

Finally, if you want to feel like a true Philadelphian, try some of the local brews that you can find at most bars in the area. Victory, Flying Fish, Stoudt's, Yards, Philadelphia Brewing Company, and Yuengling (pronounced "Yingling") are all popular local breweries. Yuengling Lager is the standard beer that nearly all bars have on tap; if you're going to order a pint, just ask for a "Lager," and nobody will ever know you're not from Philadelphia.

History

When the American colonies were founded in the 1600s, the guiding principle for the New England colonies was freedom to practice religions not popular in England; for the southern colonies the aim was agricultural development extending the holdings of British landowners. There were two exceptions. New York, established by Dutch companies, has always been a place for trade. The other exception was Pennsylvania, and the town of Philadelphia.

William Penn (1644-1718) arrived in 1681 from a London that had recently burned and was just discovering sanitary plumbing. He wanted Philadelphia to be "a greene Country Towne, which will never be burnt, and allways be wholesome." Founded on Quaker principles of tolerance and harmonious living, Philadelphia had a religious foundation like its New England neighbors, but welcomed other beliefs and races. Like its southern neighbors, it started with an agricultural economy, but slave auctions were banned early. A community of ex-slaves grew, centered around the Mother Bethel African Methodist Episcopal Church, the cornerstone of the A.M.E. movement. By 1790, there were 300 slaves in Pennsylvania and 7,579 free blacks. By 1860, there were 22,185 free blacks and Philadelphia was an important stop on the Underground Railroad, the secret network that helped slaves escape from southern slave states.

Instead of sprawling mindlessly, streets were laid out on a grid system with five public squares (the present day Washington, Rittenhouse and Franklin Squares, Logan Circle and City Hall). The town was built

Philadelphia Snapshot continued

with no fortifications. Native Americans were welcome. Even the name of the town demonstrated peace; while most other colonial towns were named for founders or expedition sponsors, Philadelphia is Latin for "City of Brotherly Love."

Of course, when you invite everyone in, there's the likelihood of disagreement. By 1690, scarcely nine years after the first Quaker Meeting House went up, arguments over the direction of the city had turned into formal ideologies. Philadelphians have been arguing ever since.

Penn had originally envisioned his colony as a "wholesome" farming community, but the port quickly became one of the most important trading spots in America, rivaled only by New York. The rising merchant class wasn't terribly interested in the simple Quaker lifestyle. Pubs, theaters, circuses, dances and races soon entered the scene. The tolerant attitude attracted many immigrants. British Quakers were followed by German immigrants as early as the 1690s.

In 1723, Benjamin Franklin arrived from Boston. He eventually started his own publishing house, producing several newspapers and an annual farm guide, Poor Richard's Almanac. In his spare time, he invented the Franklin stove, the glass harmonium and bifocals. He helped write the Declaration of Independence. He was a founding member of the University of Pennsylvania, Pennsylvania Hospital, the first public library, a fire insurance company, the Post Office and the Constitutional Congress. His 1751 book, Experiments and Observations in Electricity, was considered the most important scientific work in the world in its time. His name is on everything here.

This is where the Congress met and founded the nation on July 4th, 1776.

The city is filled with reminders of the colonial period. Fairmount Park is dotted with colonial homes that were moved there as museums. Elfreth's Alley is the oldest continually occupied neighborhood in the country. Old Swede's Church offers a perfect example of the "public" architecture typical at the country's founding. Delegates to Congress were astounded at the wealth and beauty they saw here. Because of the active seaport, food and fabrics from the Indies and China were readily available, even with the difficulty of getting past British

warships. There were some of the finest examples of colonial silversmith, textile work and furniture in the homes.

In 1800, the nation's capital moved to Washington, DC. New York began to overshadow Philadelphia as a financial and cultural center. Also in the 1800s, Irish, Polish and Italian immigrants came in waves, drawn by employment on massive projects like the new turnpike system, the canals and the railroad. Coal mining upstate created more jobs and the coal provided steam power for the factories of the Industrial Revolution that made Philadelphia a major manufacturing center. The Centennial Exhibition of 1876 brought 100,000 people to Fairmount Park to see the wonders of industrialism.

By the end of World War II, things were looking up again. While heavy industries moved out, the economy stayed robust. Always known for its hospitals, medical schools and research facilities, Philadelphia is now leading bioengineering research and development, and the city has become a popular film location thanks to innovators like M. Night Shyamalan.

The Philadelphia of the present has achieved what previous generations had thought impossible: New Yorkers come for a quick visit, fall in love, and decide to look for a house, hearkening back to the year 1776, when Congressional delegates were bowled over by the quality and comfort of this city.

restaurants like Buddakan, Barclay Prime, and Continental. Iron Chef Jose Garces has recently given Stephen Starr a run for his money, opening up popular places like Amada, Village Whiskey, and Garces Trading Company (the only restaurant in Philadelphia that managed to get a license to have its very own liquor store inside the restaurant). There is no shortage of excellent restaurants with creative dishes and colorful drinks in the downtown area.

Because of Pennsylvania's liquor laws, however, a unique breed of restaurant has remade the downtown Philadelphia dining scene, particularly in Midtown Village and Old City: the BYOB (or BYOT – Bring Your Own Tequila – at certain Mexican restaurants!). These restaurants are often smaller, occupying an old store front (like Mercato, in Midtown Village) or part of a Victorian home (like Marigold Kitchen in West Philly), and hungry would-be patrons sometimes willingly wait over an hour for a table. If you plan on trying a BYOB, remember to get to a Wine and Spirits store before 7pm and pick out a bottle of wine to complement your meal.

Philadelphia has nightlife to satisfy anyone, from the person who wants to see an opera to the person who wants to hang out all night at a dive bar. If you're interested in the opera, the ballet, the orchestra, or a play or musical, check the local newspapers for times and shows. If you're looking for

a family activity, try Philadelphia Ghost Tours, Lights of Liberty (a walking tour of Revolutionary-War-era Philadelphia), or Dave and Busters, an enormous indoor arcade and club for children and adults, at Penn's Landing. For those who want to check out the bar scene, Philadelphia offers a wide range of options. If you're looking for a swanky place with a dress code and creative drinks, try somewhere on or near Rittenhouse Square or in Old City. Anywhere in-between, you'll find hundreds of bars, ranging from the upscale Union Trust (situated in a beautiful old bank building on Chestnut Street) to the ultra-divey Oscar's Tavern on Sansom Street. Midtown Village (known locally as "the gayborhood") offers a concentration of great bars and restaurants, including several predominantly gay bars. Philadelphia also has many well-known music venues, including the Trocadero on Arch Street, the TLA on South Street, the Tower Theater in Upper Darby (a subway away from Center City), and hosts of other smaller venues. For dancing, Silk City and Fluid never fail to satisfy; local newspapers will point you to specific DJ's and genres on different nights of the week.

Things to Do Insights

Like most cities, Philadelphia has invisible layers of history running through the streets. Decide what you're looking for on a particular day and then everywhere you look it will seem there are examples of it to see.

Independence Hall

Tour Independence Hall, the place where the Declaration of Independence, the Constitution and the Bill of Rights were signed. You'll find the Liberty Bell just steps away. Dine at Brasil's. Nearby are the Tomb of the Unknown Soldier and Old City Hall are also in this area.

Liberty Museum

The National Museum of American Jewish History is located on Society Hill, close to the Franklin Court, which chronicles Ben Franklin's achievements. Indulge in authentic Italian at Sfizzio. The Liberty Museum focuses on exploring America's

beginnings, while the Graff House preserves the room in which Jefferson wrote the Declaration of Independence.

Chinatown

The historic George W. South Memorial Church of the Advocate and the Shoe Museum can both be found in Chinatown, but the real draw to this district is the dining. Get tasty dim sum at the nearby Joy Tsin Lau or try the Vietnam Palace, which is just steps from the Pennsylvania Convention Center.

Philadelphia Museum of Art

The Philadelphia Museum of Art has a collection of 19th and 20th-century masterpieces by Renoir, Picasso and more. The Rodin Museum down the road has more of the same. Grab a bite at the nearby London Grill, then stroll along Kelly Drive and admire the ships on Boathouse Row.

Fairmount Park

The nearly 9,000-acre Fairmount Park is also close to the Philadelphia Zoo. Dine at the Adobe Cafe, then stop into the nearby Please Touch Museum and the Academy of Natural Sciences, where interaction with the displays is encouraged.

Getting Around

This was the first major city to be designed on a grid system, which means that directions make sense: You can walk from the east end of Market Street to the west end in a straight line. The streets running north to south are numbered from two to 69. On-street parking is generally limited to two hours and some streets have their own peculiar restrictions, so read the signs carefully. There is a lot of construction and street repair going on, but generally these are small projects that only disrupt the traffic flow for a few days at a time in any one spot. There are ample parking garages with rates lower than New York and discounts for all-day parking. The local public transportation, SEPTA, has routes that cover the whole region, including a

light rail from the airport. SEPTA passes are available at day, weekly or monthly rates. Cab drivers here are as peculiar as they are anywhere, but they are all licensed and generally very reliable. In Center City, the wait for a cab should be no more than five minutes.

Public Transit

SEPTA- Southeastern Pennsylvania Transportation Authority is in charge of the metro area. The High Speed Rail Line costs \$5.50 one way and serves five downtown locations. It also runs to the Amtrak station and Greyhound bus terminal(+1 215 580 7800/http://www.septa.org/). SEPTA also operates a local bus and subway system and both the Owl bus and subway run 24 hours a day.

Taxi

There is a \$20 flat rate on cabs to Center City Philadelphia. A few of the cab companies include:
