Guide Description

AUTHOR NOTE: Fantastic live music, a fun bar scene and the energetic vibe of San Antonio made this a great weekend. This wasn't a see-all-the-historical-sites kind of trip - we were all just out to have a good time. And boy, did we. From the bars on Sixth street to tubing down the Guadalupe River to a night of two-stepping at Gruene Hall, there wasn't a dull moment.

Day 1 - San Antonio

DAY NOTE: If you visit San Antonio, you have to visit the Alamo. It's the rule. It is also the symbol of Texas independence, and you'll get an idea of why Texans are so fiercely proud of their state after you visit this humble little building. It is touristy, complete with volunteers in period costumes and cheap souvenirs, but some of the rugged spirit of the place still comes through. Boudro's is a solid little restaurant on the riverwalk (the other must-visit in San Antonio) and a great place to chat with friends over amazing guacamole and fantastic steaks. Continue the party at Durty Nelly's. There is nothing like an Irish pub to inspire feelings of camaraderie, and over the course of the night, Durty Nelly's will somehow make you better friends with your friends.

Day 2 - San Antonio

DAY NOTE: The Twin Sisters is a charming little cafe that serves excellent omelettes. Pictures of twins adorn the walls in a surprisingly non-creepy way. Bring your twin, if you have one. After an early-ish breakfast with your friends, drive over to the Guadalupe river, rent some tubes and have a leisurely float down the river. If you're there on a summer weekend, chances are it will be crowded, but the locals are fantastically friendly. Bring sunblock. After the Guadalupe, head over to Rudy's for the genuine Texas barbecue experience. This isn't a place that stands on ceremony, and chances are there will be some live country music performed during your meal. Bring your appetite.

Day 3 - San Antonio

DAY NOTE: Crumpets is a little pricier than the Twin Sisters, but totally worth it. You'll need some quality fuel for a day of walking and shopping the riverwalk. After breakfast, go and see the sights that the riverwalk has to offer. Shopping, people watching, restaurants...you'll find plenty with which to amuse yourself. Don't leave without some souvenirs for the people that didn't get to come on the trip: a longhorn shirt, stuffed armadillo or something that says "don't mess with Texas" are all good choices for loved ones back home. Head over to Rosario's, a Texas institution, for a dinner of fantastic Tex Mex dining. Next, wander the nighttime flea market that begins just down the street. Shop for souvenirs, listen to live music, buy some dessert or just people-watch. At the end of the street fair you'll find yourself at a rowdy collection of bars full of locals. Have a drink. You earned it.

1 Alamo (The)

DESCRIPTION: Originally the Mission San Antonio del Valero, the Alamo is by far the most famous historical site in Texas, playing a significant role in Texas' quest for independence from Mexico. Under the command of Col. William Travis, 189 Texan soldiers bravely defended this fort for 13 days before finally succumbing to Santa Anna's massive Mexican army in early 1836. The chapel and the Long Barrack are all that remain of the fort. Saved from civilian apathy by the Daughters of the Republic of Texas, the mission is now a museum containing relics from the era. Texans take the Alamo very seriously. Silence, or at least a hushed tone of voice, is insisted upon both in the chapel and on the grounds. Narrated tours are available. Admission is free, but donations are encouraged. © wcities.com

2 Boudro's on the Riverwalk

DESCRIPTION: Steaks, seafood and Southwestern specialties from deep in the "haute" of Texas. Located on San Antonio's famous River Walk, Boudro's is often the restaurant for spotting visiting celebrities. Don't miss the fresh Guacamole (made tableside), the Prickly Pear Margaritas or the blackened Prime Rib. And be sure to dine with friends so you can order one of every dessert to share. Boudro's is a favorite among locals and tourists alike and books quickly. Dining is available indoors, riverside, and on river barges with advance reservations. Handicapped access is available through a street-level elevator. © wcities.com

DESCRIPTION: When you think of San Antonio, you don't necessarily think of an Irish pub, now do you? Well, think again. Durty Nelly's, located on the River Walk on the river level of the Hilton hotel, is a rollicking good time. Pull up a chair, order a beer (or two, or ten) and sing along with the pianist. A versatile guy, the pianist takes requests and can play just about

4 **Historic Crockett Hotel (The)**

DESCRIPTION: This hotel comes by its name honestly, unlike
many of the places that bank on Davy Crockett's moniker. The
famed Alamo hero definitely walked the land on which this hotel
rose in 1909, as it -- the land, that is -- served as the Alamo's
battleground. The property is a bit of a hybrid, consisting of the
original historical landmark building (expanded in 1927) and
several low-slung, motel-style units that surround what may be
downtown's nicest swimming pool and a tropical landscaped
courtyard. Rooms in both sections of the hotel are attractive,
with lots of vibrant Southwest colors and allusions to Texas
history (regional artwork, pine beds with Lone Star headboards,
and the like). Look for deals; rooms here are discounted for
every imaginable reason. The location is excellent, by the

Twin Sisters Bakery & Cafe

DESCRIPTION: This is a funky little spot in the middle of the stereotypically conservative Alamo Heights neighborhood. It serves breakfast and dinner, but is most popular for lunch. The soup-and-sandwich-type lunch menu and daily specials have a decidedly healthy, and sometimes vegetarian, bent. Don't miss the iced herbal tea, the spinach salad or the turkey burger. The dinner specials are also worth a try, especially the grilled empanadas with ground beef and onions and the potato stir-fry, blended with seasoned spinach and fresh tomatoes. If you have a sweet tooth, a warm snickerdoodle cookie is the way to go. Twin Sisters draws a crowd early, so plan to wait for a table. © wcities.com

Guadalupe River State Park

DESCRIPTION: The cool, clear waters of the Guadalupe River are the primary attraction at this 1,938-acre park, located 30 miles north of San Antonio and 13 miles east of Boerne, Texas. Park guests can choose from a variety of outdoor activities, including swimming, tubing, canoeing, fishing, bicycling (only in designated areas), picnicking, camping, and bird and wildlife watching. The park also boasts over three miles of hiking trails that parallel the river and connect to the many campsites. Among the wildlife that can be spotted at any time are raccoons, armadillos, white-tailed deer, squirrels and a diverse range of birds and fish. © wcities.com

Rudy's Country Store and BBQ

DESCRIPTION: You may think San Antonio is all about Mexican food, but you can't leave without sampling some Texas-style barbecue. Slow-smoked over oak for several hours, Rudy's Texas-style barbecue beef brisket is unlike barbecue found anywhere else in the country. Order the "moist" brisket by the half-pound, along with some smoked sausage links, creamed corn, and beans for a real Texas experience. (Maybe

add a jalapeno or two if you dare.) Rudy's barbecue has a near-fanatical following among San Antonio natives, many of whom visit at least once a week. 2 River Walk

DESCRIPTION: The River Walk is a must-see for any traveler to San Antonio. The River Walk was conceived in 1929. Downtown had serious flooding problems, and a 27-year-old UT architecture graduate named Robert H. Hugman suggested that the city turn the San Antonio River into an asset rather than a hindrance. Hugman's brainchild has since become the essence of the city. Stairways down to the River Walk can be found on street level throughout downtown. Walk down anywhere you like, and wander and explore the great shops, galleries, restaurants and sights. To get the full story on the history of the River Walk, take the Rio San Antonio river barge cruise for a 45-minute narrated tour. It is well worth the price. For the romantically inclined, there are also dining cruises for two. It's a sight you don't see just anywhere: a couple eating at a finely appointed candle-lit table on a small, flat boat floating down the river. Service is great because the waiter is never more than a few feet away. © NileGuide

It can pack in even more now that they are in a larger (but just as lively) location just a block from where the restaurant used to be. San Antonio Snapshot

Local Info

San Antonio is a vibrant city that is growing rapidly. The heart of the city's tourism business beats along the River Walk and in the downtown area. Densely packed with hotels, attractions, restaurants and bars, a visitor could conceivably spend their entire trip right here. The area bustles with activity nearly every night of the week and almost all year long, with locals and tourists alike enjoying mouth-watering cuisine at Boudro's or Paesano's River Walk, singing their hearts out at Howl at the Moon, or dancing the night away at Polly Esther's. Not your average tourist trap, the River Walk entices many locals to brave the crowds and enjoy their city.

King William/Southtown

If San Antonio gets funky, this is where it happens. Once primarily residential and neglected, the area has seen a resurgence of interest and an infusion of capital. Urban professionals are snatching up historical homes and refurbishing them, entrepreneurs are launching hip new businesses, and the locals are taking notice. Wander just a few blocks from downtown and discover Espuma Tea & Coffee Emporium and Rosario's. If you can, check out the area during a First Friday celebration. This community-wide celebration held the first Friday of each month draws crowds from all over the city for art openings, theater productions, dining and shopping.

Alamo Heights

One of the original suburbs of San Antonio, Alamo Heights harbors some of the city's finest dining establishments and upscale shopping opportunities. And with good reason, as a huge portion of the city's wealth resides in this neighborhood. For dinner, locals flock to Paloma Blanca or Cappy's. Beer and pool preside at the Broadway 50/50. For a gift for that special someone, you can't go wrong at Sloan-Hall. At Twin Sisters, pull up a chair and get your daily dose of neighborhood gossip over breakfast or lunch.

Monte Vista/Olmos Park

Neighboring Alamo Heights, this area is home to some of the most exquisite mansions in the city. At the very least it is worth driving through just to gawk. You

will find some wonderful neighborhood secrets, such as the thick chocolate shakes at Olmos Pharmacy or superb take-out at WD Deli.

North East/North Central

Shopping centers, housing developments and highways are popping up all over North East and North Central San Antonio as many new residents move in, both from out of town and from within the city's more central neighborhoods. This kind of rapid growth seems to require predictability, as is evidenced in the plethora of restaurant and shopping chains. If you want to shop at Old Navy, use the phone book. Otherwise, be a rebel and shop at a place like James Avery Craftsman. Likewise with dining, enjoy the down home cooking at Casey's Bar-B-Q.

Northwest/Medical Center

The medical industry is big business in San Antonio, so this area continues to grow at a steady pace. Sort of a hodgepodge of strip shopping centers, restaurants, residences and office complexes, the atmosphere of the neighborhood seems a bit disjointed. Still, you can find great dining at Jacala Mexican Restaurant, Texas Land & Cattle Steak House and Bob's Smokehouse. Shopping is somewhat limited to chain stores. For a fun night out in this part of town, you can't beat the Fox & Hound English Pub & Grille.

Far Northwest

When big money folks are tired of paying city taxes, they flee outside the city limits. Locals that feel the need to escape the city head out this way to dine at Rudy's BBQ and then dance the night away at Leon Springs Dance Hall. The next day, shop at all the antique stores in Boerne or spend the day at Six Flags Fiesta Texas or Sea World.

History

What began as a small settlement of missionaries, priests and Native Americans has swelled into a metropolis of nearly one million citizens of varying ethnicities, cultures and backgrounds.

Native Americans originally occupied this area. Many lived along the stream that is now known as the San Antonio River, some

as early as 9000 BCE. In the late 17th Century, Spanish settlers migrated north from what is now Mexico to settle along the banks of the stream, claimed the area for themselves, and Christianized the peaceful tribes inhabiting it. As decades passed, the Spanish colonists dominated the area agriculturally, spiritually and culturally. In 1718, Mission San Antonio de Valero was established along the river; the chapel and its grounds would later be known as the Alamo. Over the next few years, the Spanish culture and the Catholic faith would come to play an integral role in the settlement's development.

In 1821, Mexico won its independence from Spain and held its claim to northern territories, including land that included San Antonio, with the aid of U.S. settlers who had entered the area while it was under Spain's rule. Tension slowly arose between the American settlers and the Mexican government, particularly over the issue of slavery. In 1833, that tension flared into all-out disdain following General Santa Anna's declaration of himself as president. The settlers refused to acknowledge his authority, trounced him in a confrontation, and braced for the backlash. Retribution was harsh. Led by Santa Anna himself, thousands of Mexican soldiers marched into the territory and confronted a ragtag band of only 188 rebellious Texans barricaded within the Alamo. The battle that ensued resulted in the deaths of over 1000 Mexicans and all of the Texan rebels, and numerous myths and legends that are still debated by historians today.

Ultimately, Texas won its independence from Mexico, and San Antonio became a part of the Republic of Texas. An influx of European immigrants followed the Mexican-American War. San Antonio's inherent Tex-Mex style blended with the new European influences to create a vibrant, growing community. However, the city's isolation from the remainder of the state helped preserve its reputation as a rowdy, rebellious place and resulted in the gradual decline in new residents. The reputation diminished only after the arrival of the railroad and the construction of Fort Sam Houston.

Progress ensued, the population grew, and the city prospered. Over the following decades, the city witnessed the confluence

San Antonio Snapshot continued

of wealth in neighborhoods like King William, Monte Vista and Alamo Heights. Downtown developed into the city's business center with the construction of the Tower Life building and Joske's department store. And, thanks to the brilliance of a local architect and the support of business leaders, the River Walk and all its beauty was created out of a seedy, run-down flood zone running through downtown.

Several industries became quite dominant in the economy. Here you will find five US military bases, including one of the Air Force's largest training academies; for years they have influenced the cultural climate and have contributed to the city's growth. The University of Texas Health Science Center, along with several other top medical entities, has made the city a leader in that industry. San Antonio's designation as one of the top tourist destinations has sparked phenomenal growth in the city's tourism and convention business, and has led to the expansion of the convention center downtown. In recent years, telecommunications has come to play a vital role in San Antonio's economy, as Southwestern Bell Telephone continues to relocate large divisions of its business to the city.

Hotel Insights

San Antonio has many different options when it comes to where to stay. The bulk of the hotels are located in the Downtown, River Walk and Loop areas, with some other choices outside the city.

Downtown/King William/South Town

A few steps off the river, you will find many downtown hotels. All keep you within the River Walk area; they are only a short walk from the river, shopping, dining and entertainment yet are far enough removed to provide a welcome respite from the noise. The historic Menger, the Emily Morgan Ramada, and the Holiday Inn Crockett hotels, all on Alamo Plaza, are actually next door to the Alamo and a stone's throw away from the Rivercenter Mall. The Gunter Hotel, with its magnificent lobby and intriguing history, is a wonderful choice, especially if you plan to enjoy the Symphony or a theatrical performance at the restored Majestic Theater across the street. The Marriott Plaza Hotel, with its

breath-taking courtyard and award-winning restaurant, hosts many illustrious visitors, as does the smaller Fairmount Inn a few blocks away. As far as moderate hotels go, downtown offers several properties, including Hampton Inn, La Quinta and the Sumner Suites.

Should bed-and-breakfasts be more to your liking, visit the Arbor Inn and Suites tucked away behind the Plaza Hotel.

River Walk

The River Walk is so popular with tourists, conventioners and celebratory locals that rooms book far in advance. While there are many hotel properties downtown, there are a limited few with actual river frontage. All are by far luxury hotels, with prices to match, but the novelty of having the River Walk outside your door and the proximity to the plethora of shops, restaurants and entertainment along the river are well worth the expense. The Hyatt Regency is in the heart of it all; it provides a great short cut to the Alamo through its lobby. La Mansion del Rio provides a little peace and quiet on the river within its historic walls. The newest kid on the block, The Westin River Walk, offers its distinct luxury toward the southern end of the entertainment strip. Other River Walk options include the Marriott Rivercenter, the Marriott Riverwalk, the Hilton Palacio del Rio and the Homewood Suites.

The Loop/North Central

Interstate Highway Loop 410 is dotted with numerous moderate and inexpensive hotel options. Anchored by the Airport Hilton and the Embassy Suites, the Loop offers many well-known chains including La Quinta, Holiday Inn Select and Courtyard by Marriott. Expect the usual clean rooms and limited amenities here but marvel at the accommodating price structure. You can usually snag a good deal since the area hotels rely on luring guests away from River Walk properties with their cheaper prices. If the Loop properties are full, simply travel up Highway 281 or Interstate 10 to find more locations.

Resorts/Six Flags

Further out from the city's center are two of the most acclaimed resorts in the state. The Hyatt Hill Country Resort, nestled in the hills near Sea World, offers guests a luxurious stay with thoughtful amenities, exquisite dining and a challenging golf course. Further north near Six Flags Fiesta

Texas, the Westin La Cantera Resort likewise offers a luxurious escape from the city and a challenging golf course that also happens to be home of the Texas Open, a stop on the Professional Golf Association Tour.

Restaurants Insights

San Antonians love to eat, and it shows in both its fine restaurants and its casual cafes. Whether you enjoy perfectly grilled steaks, tender barbecue, tasteful vegetarian fare or perfectly prepared sushi, you will find whatever your taste buds crave. Of course, San Antonio is most famous for its Tex-Mex cuisine; no visit to the city could be considered complete without at least one dinner involving enchiladas or tamales, and one breakfast of chorizo and egg tacos.

Downtown

More culinary surprises await you just a few steps up from the River Walk. Wander just a few blocks from the river and you will discover Schilo's, serving German fare and Twin Sisters, offering delicious salads, soups and vegetarian dishes. Le Reve Cuisine specializes in contemporary French cuisine, while the classic American dishes at Bolivar Cafe are sure to please.

The River Walk

The huge numbers of visitors to the River Walk have to eat somewhere. Some of the restaurants are excellent, some are merely good, but all of them are sure to be crowded. One of the most popular is Boudro's – A Texas Bistro. With a prime location in the heart of the River Walk, an unparalleled menu featuring Blackened Prime Rib, Ancho Shrimp, fresh fish and Prickly Pear Margaritas, it is a dining must for locals, tourists and many visiting celebrities.

Another favorite among locals and visitors alike is Paesano's River Walk, serving up delicious Italian cuisine. Don't expect to find generic spaghetti or lasagna on the menu, though, as their specialties include Shrimp Paesano's (a garlic and Parmesan shrimp dish) and a huge salad with artichoke hearts and hearts of palm. Other fine choices include County Line and Hard Rock Café for barbecue and classic American fare. For Tex-Mex, try Rio Rio Cantina, Casa Rio, The Original

Mexican Restaurant, La Paloma or Zuni Grill. Michelin's will please the stomachs of those in the mood for Italian food.

The many hotels located on the River Walk also boast some fine restaurants. Save for a few exceptions, the restaurants on the river are independently-owned. Should you not be a very adventurous diner, there are a few chain restaurants, such as the Olive Garden, located in the Rivercenter Mall.

Alamo Heights

Originally a suburb of San Antonio, Alamo Heights now finds itself located in the heart of the city. A decidedly upper-middle class area, it boasts some of the best dining and drinking options. Start your evening at Cappycino's on Broadway with drinks and appetizers, or end it there with coffee and dessert. One of the city's only smoke-free bars, Cappycino's menu is so extensive it comes in a multi-page booklet form. From here you can move on to dinner at the bar's sister restaurant, Cappy's, right next door and enjoy fresh seafood, perfectly prepared steaks and inventive chicken dishes. Be sure you don't miss their chocolate cake—it's a closely guarded recipe from Cappy's mother and is the best in town.

There are many other prime choices for both lunch and dinner in Alamo Heights. Paloma Blanca on Broadway offers some of the city's best Tex-Mex and margaritas, as does La Fonda on New Braunfels. For hamburgers, pizza and salad, nothing beats E Z's Brick Oven And Grill at either their original location on New Braunfels or their newest addition in the Quarry Market. For creative sandwiches, the best tea and Sunday brunch, be sure to visit Madhatter's Tea on Avenue B near the Witte Museum.

Several spots in this neighborhood combine great dining with a great bar. To see and be seen, try Café Soleil on Broadway. Their contemporary menu is a big draw for sophisticated diners, while their bar draws a mixed crowd of young and old, all attracted equally to the live music, the Internet-linked computers and the pool tables.

The Loop/North Central

Circling the city, Interstate Loop 410 is lined with many fine restaurants. For excellent Chinese cuisine, try Formosa Garden, located on the access road between the Nacogdoches and Broadway exits. Its diverse menu includes everything from Szechwan Chicken and Lemon

Chicken to Beef with Broccoli and Sweet& Sour Pork, all reasonably priced and perfectly prepared. For fun Cajun food, visit Acadiana Café on the Far West side of town between the Culebra and Marbach exits. Just about everything comes with hush puppies here, and there is always the option to "blacken" everything, be it fish, chicken or shrimp.

Should your tastes range more toward traditional fare, you might try Aldino or Tex's Grill and Sports Bar in the Airport Hilton, where you should definitely try the red beans with venison sausage. Several restaurant chains are located around The Loop as well.

One of the city's Italian cuisine treasures is hidden on Brookhollow just off of the highway. Fratelli's offers the usual Italian dishes such as lasagna and fettuccine alfredo in huge portions at reasonable prices. While the quality is not necessarily remarkable, it is always consistently satisfying.

Outside the City

San Antonio offers many more wonderful dining options off the beaten path. Try Bolo's Grill, located in the Omni Hotel on IH-10 at Wurzbach. Offering exquisite game, beef and chicken entrees in an elegant atmosphere, Bolo's is an excellent choice for a celebration or a night on the town. Enjoy elegant Italian cuisine at La Scala or Razmiko's, romantic dining at The Grey Moss Inn or Crumpets, more Tex-Mex at Los Barrios or La Fogata, or great burgers at Tycoon Flats or Chris Madrid's. ©

Nightlife Insights

San Antonio is a niche marketer's playground. The citizenry boasts a broad range of interests, and there never seems to be an overwhelming crowd at anything except perhaps the most popular Fiesta events. Whether your tastes are sophisticated and refined or run more toward the casual and relaxed, you're liable to have a great time in this city.

Music

Music lovers will revel in the variety of live music available almost every night of the week in San Antonio. From jazz and symphonic music to Tejano and rock'n roll, music exudes from bars, restaurants

and concert halls across the city. The San Antonio Symphony performance season includes both traditional scores and pops performances, often with vocal accompaniment by popular artists like James Taylor and Willie Nelson. Jim Cullen's Jazz Band holds court at The Landing on the River Walk, and Arjon's is the hotspot for Tejano, cumbia and salsa music. Bars like The White Rabbit, The Laboratory Brewing Company, Stonewerks, and Crabby Jack's host rock and pop bands, while Cibolo Creek Country Club, Gruene Hall and Far West are the best choices for live country music.

Theater

There are several theatrical venues whose productions run the gamut of genres. For national acts, The Broadway Bank Theatrical Series hosts numerous touring productions in the historical Majestic Theater and, occasionally, the Municipal Auditorium. Recent performances include Grease, Chicago, Rent, Phantom of the Opera and Cabaret. Outstanding local productions grace the stages at the Josephine Street Theater and Steven Stoli's Playhouse, with recent performances including Joseph and the Amazing Technicolor Dreamcoat and Steel Magnolias. To enjoy great local talent and dinner, check out the Harlequin Dinner Theater at Fort Sam Houston. Guadalupe Theater and Jump-Start Theater typically produce more avant guard and cultural works.

Not to be left out, children can enjoy productions designed just for them at theaters such as Steven Stoli's Backyard Theater for Kids and the Magik Children's Theater.

Art

Art of all genres and media abound at the many museums and galleries in San Antonio. From cutting-edge contemporary works to more traditional pieces, you will admire the depth of this city's talent pool. Be sure to visit the McNay Art Museum and the San Antonio Museum of Art to marvel at their impressive collections as well as the touring exhibits they host. As far as galleries go, some of the best include Blue Star Arts Complex, ArtPace, One9Zero6, Cletus Gallery, and Wallace-Musket Gallery. To catch the work of budding artists, visit Say Si, which displays student work in its gallery. Many restaurants and coffeehouses

also display the works of local artists; pay a visit to Rosario's, WD Deli or Espuma Coffee and Tea Emporium to enjoy the delicacies and the view.

Cinema

As with any major city, San Antonio offers more movie theaters than you could count. While there's at least one in every part of town, a few that stand out among the crowd. If you're staying downtown, the cinema in River Center Mall is a great choice for first run releases and is within walking distance of many of the hotels.

The fairly new cinema at the Alamo Quarry Market offers first-run features with shows as late as midnight. If not for a movie, stop in just to see the enormous quarry-inspired movable mechanical display in the lobby. For arthouse films, your only option is the Crossroads Theater. Finally, for larger-than-life films, check out the IMAX Theater adjacent to River Center Mall downtown. A perennial favorite is *Alamo—Price of Freedom*, which tells the story of the battle of the Alamo; it's a great film to catch before visiting the cradle of Texas liberty.

Dance

Whether you want to get down with your bad self or simply prefer to watch, San Antonio's dance offerings fit the bill. If you like to dance the night away, be sure to check out The Bonham. Located downtown, this is perhaps the best dance club the city has to offer. Predominantly a gay bar during the week, the weekends and Wednesday night "straight nights" draw a very mixed crowd. Huge dance floors, a pounding sound system and the requisite disco lighting make for a fun, dance-'til-you-drop evening. The place really doesn't start hopping until after 10pm. Three multi-format entertainment complexes—The Atrium, Park Place and Sunset Station—offer several different dance floors with different genres of dance music, all under one roof. A great concept if you can't decide between hip-hop and country.

For those who prefer to watch the professionals, there are several dance companies that perform regularly, including the San Antonio Dance Umbrella and Urban 15. The city also hosts many touring companies during the year, quite a few performing culturally significant movements.

Festivals

San Antonio is an amazing city comprised of many different cultures. And the people here like a good party. Combine the two traits and you have more cultural festivals and events than you can imagine. San Antonio's biggest party, Fiesta, is a 10-day long celebration of the city's history and culture; it is held every year in April. Comprised of parades, debutante balls, street parties, concerts, sporting events and more, you are guaranteed to find something for everybody. So significant is this festival that the city practically shuts down on the last Friday afternoon so that everyone can attend the Battle of Flowers parade that winds through downtown. Other popular events include Jazz's Alive, Juneteenth, Cinco de Mayo and St. Sophia's Greek Funstival.

Institute of Texan Cultures Expect to spend a full day visiting these sites, as there is plenty to see. Begin your excursion at the Institute of Texan Cultures. Operated by the University of Texas, the Institute houses fascinating exhibits from each of the cultures that settled in Texas and helped to make the state the wonderful place it is today. Next, pay a visit to the Alamo. The cradle of Texas liberty, the Alamo stands as a shrine to the rag-tag band of Texans who battled against General Santa Anna's massive army in Texas' battle for independence from Mexico. The restored building is the former home of the first governor of the area when Texas was a Spanish colony. Furnished in period pieces, the site is a fascinating glimpse into how the elite lived in that era. Then continue on to Market Square. Plan to explore the

shops and pick up all the souvenirs you can carry. The largest Mexican market outside of Mexico, the Square's stores are filled with beautiful terra-cotta pieces, leather goods, embroidered clothing and more. Once you've exhausted your financial reserve and have more packages than you can carry, enjoy dinner at either Mi Tierra Café or the Pico de Gallo.

Hertzberg Museum From the Institute of Texan Cultures, venture over to HemisFair Park, which is just a few steps awa. Or wander over to Alamo Plaza where you can enjoy the Texas Adventure. Here holographic images of the heroes of the Alamo tell the tale of the battle complete with lighting and sound effects. Finally, drop in at Ripley's Believe It Or Not! and the Plaza Theater of Wax. Housing a wonderful collection of oddities and wax mannequins, kids of all ages will find something that fascinates them, something that makes them think, and something that is sure to make them queasy. Taxi

San Antonio Taxis(+1 210 444 2222) Yellow Checker Cab(+1 226 4242)

Car

Driving through San Antonio is not recommended. A hellish maze of one-way streets plague downtown, confusing even lifelong residents. Even if you do manage to inch into town, parking is next to impossible. The city has seemingly been so busy'remembering the Alamo' that they've forgotten about parking. The police are ticket quick so don't even chance parking illegally.

Bike

Bike routes are not a priority. To say San Antonio is bike friendly would be akin to saying great white sharks make for great pets. Save the bikes for the surrounding hills.
